# VDR-RNA CERTIFICATION COURSE

## ABS approved Institute

Our Institution is ABS class approved and on completion of this course, you will be certified as an Approved Remote Navigation Assessor & VDR Data Analyser.

## Instructors

Our Instructors are IRS certified VDR Analysts with over 60 plus evaluations and you will be taken on a highly interactive journey with hands-on experience of VDR Audits and RNA.

## Qualification

Master COC, with experience of being part of a Bridge team.

## Duration

It is a Two-day course for VDR & RNA, and one day for just VDR analysis.

## Day One

- Introductory Session
- Who & Why of the Module – Regulations covered
- Difference & Definition – VDR & RNA
- VDR & SVDR – What to expect
- JRC/JCY 1800/1900 – Use & Glitches
- FURUNO/VR 3000 & 7000 – Guidance to Use
- Analysis – Start to Finish
- Examples of Common Observations
- Practical VDR Analysis for Candidates

## Day Two

- Document Review
- Trends
- Recommendation
- Report Writing
- Practical Exercises on Report Writing
- Doubts & Discussion
- Feedback & Assessment Forms

## Curriculum

This course was structured and conducted in accordance with:  
OCIMF Guide to Best Practice for Navigational assessment & Audits, TMSA 3 Element 5 and VIQ 7 - Chapter 4.

## Why take this course?

VDR Analysis is a TMSA requirement. Many ship owners are in need of qualified and experienced VDR Analysts and Remote Nav Auditors. We intend to cover certain key elements that would help you fill the above roles effectively.
